PROFESSIONAL OBJECTIVE

I am seeking a position as a Front-End Developer in an environment that values technical quality, collaboration, and continuous improvement. I aim to contribute actively to building modern, functional, and accessible interfaces using React, Next.js, and related technologies.

PROFESSIONAL SUMMARY

Front-End Developer with experience in web applications, internal systems, and websites using React, Next.js, TypeScript, Flutter, and Angular. Strong focus on performance, scalability, UX, and code quality. Experienced in agile teams, clear communication, and active participation in technical decision-making.

EDUCATION

Bachelor's Degree in Systems Analysis and Development

Institution: Faculdade Impacta de Tecnologia

Period: 2023–2025

PROFESSIONAL EXPERIENCE

Hefesto Medtech – São Paulo, SP | Front-End Intern | Mar/2022 – Apr/2023

Worked on the development of a website and mobile application for creating personalized orthoses using iPhone camera measurements.

Responsibilities:

- Full development of interfaces in React and React Native.
- Implementation of measurement capture and analysis using the iPhone camera.
- User testing and continuous usability improvements.
- End-to-end flow validation.

Stack: React, React Native, TypeScript, Styled-components.

LABJ – São Paulo, SP | Front-End Developer (Junior) | Apr/2023 – Aug/2024

Worked on the development of high-performance interfaces for dental platforms used nationwide.

Responsibilities:

- Development of core modules for dental management systems.
- Creation of high-performance applications with SEO optimization.
- Implementation of administrative dashboards focused on UX and productivity.
- Direct contact with clients for requirement gathering.
- Contribution to code reviews and best practices.
- Development of mobile functionalities using Flutter.
- Optimization of orthodontic platform, reducing response time by 65%.

Stack: React, Next.js, TypeScript, Material UI, Styled-components, React Query, React Hook Form, Axios, Node.js, Prisma, Flutter, AWS (Amplify/S3/Lambda).

ADDITIONAL COURSES

- Discover Trail – Rocketseat (12h – 2024)
- Digital Trail Coders 24 – Front-End (19h – 2024)
- Next.js App Router and Testing (6h – 2025)

MAIN QUALITIES AND CHARACTERISTICS

- Excellent communication, alignment, and structured feedback.
- Strong teamwork and multidisciplinary collaboration.

- Proactive problem-solving skills.
- Continuous motivation for learning.
- Commitment to deadlines, quality, and organization.
- Experience with Scrum and Kanban.

TECHNICAL SKILLS – FRONT-END

React.js, Next.js, TypeScript, JavaScript ES6+, Material UI, Styled-components, Tailwind CSS, Bootstrap, Mobile First, Media Queries, Axios, REST APIs, React Context API, React Query, UX/UI.

TECHNICAL SKILLS – BACK-END

Node.js, Prisma ORM, Swagger/OpenAPI, Clean Architecture (concepts).

TESTING AND QUALITY

Jest, Cypress.

TOOLS AND COLLABORATIVE DEVELOPMENT

Git, Git Flow, clear documentation, efficient communication.

CLOUD & DEVOPS

AWS (Basic): Amplify, S3, Lambda,

Basic concepts of infrastructure and front-end application deployment.

FINAL NOTES

A professional in constant evolution, committed to quality, deadlines, and results. Continuous English studies for global readiness in the technology field.
